COMMENTS FROM THE TOWN MANAGER'S OFFICE

Residents are reminded that all night parking is now permitted on streets where parking is not otherwise prohibited.

The Board of Selectmen met in regular session Monday evening and acted on a variety of items.

Terry Lorber of Dubois and King, our sewer consulting engineers, met with the Board to update them on the status of engineering work. It was indicated that most of the infiltration/inflow study data collection work would be undertaken this week and that the data should be compiled by the first part of May.

Jeff Prest met with the Board to discuss the valuation and condition of this Spring Street apartment house. Mr. Prest requested that this 1976 and 1977 valuations be reduced because of the condition of the structure and his 1978 valuation be set considering intent to tear the building down. The Board directed the Manager to obtain additional information for their meeting Thursday evening.

Bids were received on the purchase of a 3/4 ton pickup, a one-ton truck chassis, and a dump body. O'Connor Motors low bid of \$12,446 was accepted by the Board for the two trucks and Truck Equipment Company's low bid of \$1,595 for the dump bid was accepted.

Appointment forms for Robert Saunders as Water District Trustee and Joyce Stearns as Constable were signed.

After considerable discussion, the Board approved new Personnel Rules and Regulations for Town Employees. These Rules and Regulations will be used by the Town Manager in administering personnel policy.

The Board adopted a revised compensation schedule for attendance attendants and changed the service fee from \$25 plus \$1.00 per loaded mile to \$30 plus \$1.00 per loaded mile. Outstanding ambulance bills were also discussed and the Board directed the Manager to proceed with appropriate collection procedures.

The Special Projects list was reviewed. As the adoption of Road Specifications was done at Town Meeting, that item was replaced on the list by improved emergency communications system.

The March financial statement was reviewed and the Board discussed sewer charges to a number of residents who had not been billed.

The Assessors spent a good portion of last Saturday visiting property with new construction or substantial remodeling to update assessment records. This work will continue this coming Saturday.

CITIZENS URGED TO ATTEND HEALTH COUNCIL MEETING

Everyone interested in helping to determine the quality, delivery method, cost, location, staffing, hours, and future health needs of the area communities is urged to attend the meeting of the North Oxford Health and Service Council to be held Thursday, April 20, at 5:30 p. m. in the library at Telstar Regional High School. It is necessary to know what the majority of people in the community specifically want in the way of health services before the group can proceed further in the development of a health care facility and recruitment of physicians.

There are many individuals and agencies ready to help, but the citizens in the area are the only ones who can decide what will be most effective.

and successfully. Dr. William Bristol, a physician from Medical Care Development, in Augusta, will be present at the meeting and willing to answer questions and guide the group as needed.

Much is needed to be accomplished at this next meeting. The outcome of these efforts will affect everyone seeking medical attention and health services in the community. YOUR HELP IS NEEDED!

INDUSTRIAL MANAGEMENT CLUB TO AWARD TWO SCHOLARSHIPS

The Western Maine Industrial Management Club will award scholarships to two deserving Oxford County students who have demonstrated outstanding ability and the potential to attend a vocational school, college or university. The purpose of the scholarships is threefold: To provide incentive and assistance for qualified students from Oxford County to pursue higher education; To provide well-trained technical and management personnel to work for member companies (not a requisite or condition of acceptance); To promote the development of competent people to assume the responsibilities of leadership in the fields of education, business, industry and civil administration.

To be eligible to participate the applicants must be senior year students in an Oxford County high school, who will be graduating in June 1978. The applicants must have maintained a scholastic standing in the upper half of their class and be able to meet the entrance requirements for the schools chosen. The recipients plan to study an accredited course in Business Administration at any accredited four year college in the State of Maine or any of the Maine Vocational Schools or the Berlin Vocational Technical Institute or any course offering a minimum of an associate's degree through the University of Maine system. Failure to be subsequently admitted will cause forfeiture of the scholarship. Preference will be given to applicants whose parents work for member companies.

Applications may be obtained at the office of your Guidance Counselor and must be returned to the office of the Guidance Counselor not later than April 23, 1978. Awarding of the scholarships will be made at or before the graduation of the recipient.

Greenwood City

— Mrs. Colista Morgan, Corres. —

April is riding a north wind but "My little guests come winging near And seem to know they need not fear,

They flit across the wintry sky To perch and, with expectant eye,

They glance at me as if to say, "What do we have to eat today?"

— Ruth B. Field

I heard my guests at 5:15 telling me to get up and see the sun rise.

At first there was a delicate pink, like a fine gauze across the

distant skyland, then shades of orange heralding the coming sun.

I went out to hang the guest feeder which I have to remove every night because of my visiting coon. In its place I leave him spine bread.

As day is born, the land forms respond to it, each in its own way.

Since I wrote last, there has been just one day that I could go to the woods. That morning, early, I was glad for a crust.

I traveled up the Spring Road and at the top of the first rise I stood to feel April, and the coming of spring to the awakening land. It was in the mellow warmth of the sun's rays. All along the sky trails, in that inverted blue meadow, were flocks of clouds grazing peacefully.

I climbed the next ridge and leaned against a tree where I could view the valley. I studied it with care and made mental notes of the land marks and changes.

From near by there came a New-Englandish nasal "ank-ank-ank."

The white breasted nut-hatch was coming head first down a tree trunk. He wore a cap of deep blue-black, a cloak of rich blue-gray, and a waistcoat of creamy white. It is interesting to watch him proceed down-trunk. One foot reaches forward under his breast while the other clings to the bark under his tail. This cheerful fellow prefers to go through life upside down. Soon he and his mate will set up housekeeping in a cavity in some tree.

As I moved, he "ANKED" away. I continued to the trail that goes by the spring. Turning right, I went to the blackberry field. No handsome berries out to the sun today. I now wandered up another hill and caught the sound of "bubbling water."

Crossing through the evergreens I saw the rotting stump of a huge pine. The body lay stretched on the ground, just punky wood covered by moss and fungi. It had been tunneled by ants, mice and beetles. The enduring resin which at one time flowed like blood through this tree's "veins" had preserved the inside two or three inches while the outside was pulpy. Seedlings will soon start here to grow.

Now I was nearing the old pasture where the junipers have taken over and have spread extensively. No trouble getting through today as I could walk on top. It's a different story in summer when one really has to go THROUGH. How prickly they are.

Going down the hills, facing the mountains, I could see where the hills reached the sky. My road was

lined with trees and white clouds were far above.

I had no thought of haste, no hurry under summer's sun on winter's snow.

All this shining beauty I left to cross a stone wall, a one time truck road, then down through the woods toward home.

I had enjoyed my rendezvous with spring, bright young breezes, small brown buds and sky petaled clouds.

"Spring is singing with soft green voice; a blue wind swings an apricot moon; and I listen for the onrush of daffodils." Ida Ladd Brown

FRANKLIN GRANGE #2

MET AT THEIR HALL APRIL 3

Franklin Grange met on April 3 in their upstairs hall for the first time this spring. This was to be instruction meeting but due to circumstances beyond their control a full or miss program was put on by the Lecturer at the last minute, as the Deputy could not be present.

Richard Felt, Master and Chairman of the Executive Committee reported on the Energy Program and its effect on the Senior Citizens, who, if they have only Social Security and Supplementary Insurance are eligible for help on outstanding bill bills, etc. There will be a meeting at Rumford for this district April 10 and 21 from 9 to 3 p. m. where they may apply for this help.

Deputy Neal Conant has made arrangement for a code reading meeting to be held at Paris Grange Hall on April 29 at 7:30. Pot luck refreshments will be served after the meeting. All are invited and bring something to eat.

It was voted to send \$2 to Hand-Grange to help them in the remodeling of their Grange Hall.

The program was opened by the rehearsal on the song "Hurrah for the Grange" composed by the Lecturer. Then a paper was read by Olive Davis and Ethel MacKenzie on How the features of your face reflect your inner being, which caused amusement. Carl Brooks (bones) and Richard Felt (harmonica) furnished musical numbers.

A quiz on the Grange emblems was answered at random. Lettie Brooks gave two selections on the mouth organ while the audience participated in singing.

Ralph Verrill has been with his parents the last couple of days. He returned home Saturday and Mr. and Mrs. Ernest Verrill came. All plan to return to Concord, on Monday.

Mr. and Mrs. Floyd Verrill celebrated their sixtieth wedding anniversary just two weeks ago, March 26, with a party of 70 relatives and friends. The weather was bad but all enjoyed the occasion.

Mr. and Mrs. Bob Grover called on Julia Fleet Friday with a surprise. Two real live pansies.

The Raleigh agent was calling for the first time in quite a while. Jeffrey Fleet is back home with a very cute pup.

Marshall Fleet called on his friend, David Daye, Saturday. Alan Fleet was down to see the doctor at Norway Monday afternoon.

Maudie Harrington called on Eva Yates. The crows have travelled this week as they are in Ketchum. The snow has settled some as I can see my neighbors downstairs.

Mrs. Eva Yates entertained her brother and wife at dinner one day this week.

ADULT EDUCATION NEWS.

For the past ten weeks a group of eight adults have been studying Spanish under the direction of Don Felix Otero-Otero. So far they have learned to think and speak in Spanish. With the audio-visual technique, that is used, learning is both quick and permanent. They have learned how to make introductions, give directions, order food in a restaurant, tell time, the days of the week, months of the year, colors and many other useful points of knowledge. The students are now able to act out situations in Spanish—a very useful and sometimes quite humorous teaching device.

Mr. Otero-Otero feels certain that his students could manage quite well while on vacation in a Spanish speaking country.

Do the students enjoy their class? They must, they have requested that the course be extended from ten to fourteen weeks. Where else can you get a touch of old Spain, and tips on the Spanish culture? Only in Room 210 at Telstar Regional High School on Monday evenings.

Den 3: On Tuesday, April 4, we visited the Bethel Citizen Office. We saw the printing press. We also saw a 50 lb. block in another room there was a small machine that had a needle that went up to 1,000° hot. A man put a plastic sheet under it. Then he put the machine on top of it and cranked a crank. The wheels started to turn. He placed a picture on the other wheel and locked it down. There was a light shining on it and a lens nearby. Every time it hit a white patch on the picture it made a weird noise. When it hit a dark patch there was less noise. A lady gave each of us a pen. The man looked at the clock and took the needle off the picture. He cut the picture and gave it to Mrs. Mason. Then we went home. The Cubs really enjoyed their visit.

AT THE LIBRARY — GARDENING, HOUSE PLANTS AND COOKING

The time for planting gardens is almost upon us so it seems only right, this week, to feature selections on home gardening. The following is of the most recent acquisitions. There are also a number of older books on this subject.

Picture Dictionary for the Home Gardener—new ways to garden, includes perennials, biennials, annuals, trees, shrubs and hedges.

Fruits and Berries for the Home Gardener—what to grow and where, pollination, pruning, and propagation.

Successful Berry Growing—how to plant, prune, pick and preserve bush and vine fruits.

Terrific Tomatoes—all about how to grow and enjoy them.

American Home Garden Book and Encyclopedia—a practical guide for all practicing gardeners, complete from anemone to zinnia.

Betty Crocker's Kitchen Gardens—year round guide to growing and using herbs and vegetables.

And then for using the produce

and certificate. Mrs. Abbott held
 a Bible Study Class in her home
 for many years. This group stud-

ied the entire Bible. She organized
 the Telephone Prayer Circle which
 is very active. Her hobbies are

reading and crocheting, and she
 contributes many articles each
 year to the Friday Gift Shop, a

fund raising project of the U. M.
 W. She is also an active member
 of the Administrative Board of the

Bethel United Methodist Church.
 The money from the Honorary
 Life Membership fund goes to the

Mission Program of the United
 Methodist Women.

teresting talk on her trip to Rus-
 sia.

 neighbor and is a close friend

pinned on the pin.

speaker.

WALKING WITH JESUS CHRIST
 Letting Your Anchor Hold

The great ships of the sea—ar-
 riving at their anchorage—eager
 to drop the anchor—to rest after

a voyage often stormy in our tu-
 muluous Atlantic—often look for
 a good bottom—where anchor

flukes dig in deep to hold the ves-
 sel as it swings with the tides and
 winds. Sailings are frequently

taken to ascertain that the vessel
 holds and does not go aground
 where danger lurks.

In our walk in life, we too are
 subject to stormy weather where
 the high seas of despondency or

wonderous creation of God is ran-
 dled with man's desire to run the
 universe. The complexities of

modern science has created a
 world of frightening and frustrat-
 ing problems.

A Christian in his daily walk is
 especially subject to worldly buff-
 eting. Anguish is put in his trust

in God—must continually—day and
 night—"look to Jesus"—his
 thoughts, actions and answers to

questions must be in a Christ-like
 attitude. To depend upon our-
 selves without Jesus is as foolish

as a ship without an anchor. A
 drifting Christian moving this way
 and that way—floats about with

nothing to hold fast to. Our an-
 chors must be bedded in the solid
 rock of Jesus Christ. 1 Cor. 10:4

says "and that Rock was Christ."
 For we know in Whom we have be-
 lieved, and am persuaded that He

HISTORICAL SOCIETY

FEATURES W. W. I APRIL 6.

The impact of World War I up-
 on Bethel was the topic at the
 monthly meeting of the Bethel
 Historical Society held Thursday

evening in the meeting room of
 the Dr. Moses Mason House. A
 good representation was present
 from World War I veterans and

auxiliary.
 It was exactly 61 years ago to
 the date that the United States en-
 tered the conflict "to make the

world safe for democracy." This
 first of modern wars possessed a
 profound impact upon the world

and nation—even upon the small
 town. Patriotic meetings, flag
 raisings, draft calls, enlistments,

food conservation, propaganda,
 Red Cross Drives, calls for knit-
 ted articles and sterile dressings,

Liberty Loans—were all part of
 the times. Research taken largely
 from the pages of the "Bethel

Citizen" for the period 1917-1919
 provided many quotations and il-
 lustrations. Parts of letters pub-
 lished in the "Citizen" from Bethel

servicemen were read which cap-
 tured some of the sense of drama.
 Reports of death and injury on

the front which affected the citi-
 zens brought them a graphic way
 the horrors of total war were also

presented. In addition, slides of Our Boys Day

can sell in two states —
 Early Real Estate is pleased to
 announce that Robert E. Early,

Real Estate-Associate, has received no-
 tification from the New Hampshire
 Real Estate Commission that he

has passed his brokers examina-
 tion and is now licensed to sell
 in two states, Maine and New

Hampshire. For the past two years
 Mr. Early has been selling exten-
 sively in the commercial real es-
 tate market and he hopes to ex-
 pand that market into the New

Hampshire area.

"WEE WOMEN FASHION SHOW"
 Fifteen delightful little women
 modeled a lovely assortment of

fashions at the Wee Women's
 Fashion Show held Saturday at the
 Savings Bank. Modeling were Ali-

son Davis, Amy Hannon, Jeannine
 Conant, Shelly Rice, Sheila Dou-
 glass, Rebecca Brown, Loren-

Conant, April Jordan, Deborah
 Wheeler, Amy Blake, Julie New-
 ton, Mary-Beth Hannon, Sherri

Doeen, Rachel Rayne and Andrea
 Gilbert.

The OES Star Club sponsored
 this show, provided refreshments,
 and the Western Auto donated a

prize. The lucky winner was Diane
 Kanten of West Bethel. Clothes
 were purchased there and a very

enjoyable afternoon was had by
 all.

Remember OES members, to
 bring a book of S&H Green
 Stamps to the May meeting for
 their project.

ed to the ladies of Upton to at-
 tend. Banquet committees are Kar-
 enda Bachelder, Eleanor Morton,

 that the Society's Constitution and

By-Laws had been revised to make
 them clearer and more reflective
 of the times but no substantive

changes had been made. Any
 members wishing to review the
 proposed changes can visit the

TWITCHELL ANNOUNCES TO

RUN FOR RE-ELECTION

R. Donald Twitchell (D-Norway) today announced his intention to seek re-election to the House of Representatives for District 66 (Greenwood, Oxford, Norway, Stoneham and unorganized territories).

Twitchell has served six years in the Maine Legislature and has compiled an outstanding record as an expert on taxation. He is currently a senior member of the taxation committee. He has been active in the field of elderly legislation, and has sponsored measures granting tax relief and drug benefit programs for the elderly.

He has also served on the Liquor Control Committee where his work on fair taxation and agency stores is widely recognized throughout the Legislature. He was recently cited by Speaker of the House, John Martin, for the particularly conscientious job of conducting the people's business.

There will be four more supporters for the Lions Club and volunteers are needed. It was announced that Nancy Buck, daughter of Mr. and Mrs. Albert Buck, has been accepted for Girls' State.

Initiation of new members will be held at the next meeting, April 25. Initiation officers were selected. All members are urged to attend.

DR. GARBARINI ANSWERS YOUR QUESTION
Question: What can I do for an occasional headache if I don't want to take an aspirin? — M.G., Bethel

Answer: The most common cause of headaches is tension brought about by prolonged contraction of the muscles located in the back of the neck. Constant bending over a desk or work table, or poor posture, causes a reflex expansion of the blood vessels which surround the brain.

When these blood vessels become congested you get a headache that pounds, often in rhythm with the heartbeat.

To help correct the cause of such headaches, here are two five-minute natural analgesic home therapies that relieve the tension and help restore basic body harmony and freedom from symptoms:

1. Fingertip self-massage: Lean back in a reclining chair. Now drop your head forward. Place the fingertips of both your hands on the back of your neck. Let your fingertips overlap. Your head should fall backward and your neck muscles should be completely relaxed. Now use your hands as a wedge to help loosen your neck vertebrae while the base of your skull rests on the upper portion of your hands. Continue for five minutes. Now drop your head forward and use your fingertips to stretch the tight muscles on the back of your neck. Do this for five minutes also.

2. A Five-minute motion-healer: Immobility of the upper body, caused by keeping your head tilted down while working over a desk, knitting, typing, etc. can cause contraction of the neck muscles. This prolonged contraction causes an accumulation of lactic acid and other waste products

April is one third over and temperature this morning was down to 20°. The sky has been at least clear and blue for the last two days but with the wind blowing. It has felt raw to go out for any length of time. The wind is, however, helping the snow to go and the snow has settled quite a bit.

Central Maine Power Co. had Sunday River Tree Service cut down the big maple tree across from Frank Benson's house and the big pine tree opposite the Mason place. The pine tree was the one that was struck by lightning last summer and the maple tree had been dying and as they were over the lines CMP had them cut before they fell onto the lines. Think they were the biggest two trees by the road on this road.

Mr. and Mrs. Bill Penner from New York were at their camp the first week end in April. The Penner's camp is almost across the road from Dick Angevine's.

Robert Stearns has been home for a week with a bad arm.

Mr. and Mrs. Jeff Hutchins went to the Opera House Saturday for the reception of Mr. and Mrs. Darrell Young. They had a seafood banquet. An orchestra played for dancing.

Saturday afternoon Mr. and Mrs. Ernest Angevine went to visit her mother, Mrs. Rena Abbott who is still in Rumford Hospital. Afterwards they drove into Farmington and ate at the Wayside Restaurant.

Sunday Mr. and Mrs. Red Blake Mr. and Mrs. Ernest Angevine and Nancy Lincoln took their snow machines to Grafton area and spent the day snowmachining.

CHILDREN'S CENTER

Well I think Spring is finally here. We're having a hard time believing it at the Center, but we're glad it's here.

The children and the teachers have been very busy this week. During activity period we are making turtles, planting string beans, playing blocks and listening to some stories in the library.

Hazen Emery, our proud, "Star of the Week" has brought in some great pictures to share with us.

Thursday, April 13, there will be a parent meeting at 7:00 with Denis Corrin, a psychologist, addressing the problems children may have. We hope all the parents can attend. It should be very interesting.

Also on our calendar of events, Sunday, April 16, there will be a benefit dance sponsored by the Children's Services Program of O. C. S. The fantastic top 40 band "Hotel" will be playing from 8-12 p. m. at the Brown Bag (Rt. 26, Oxford). It should be a great time, come on down and boogie.

Next week the Center will be closed on Patriot's Day, April 17, and there will be just Day Care, no Head Start—for the rest of the week.

STATE OF MAINE HOUSE OF REPRESENTATIVES Karen L. Brown

April 10, 1978

One of the final pieces of legislation that was dealt with this session was proposal LD 2049, An Act to Provide for funding of Municipal Claims Under the Maine Tree Growth Tax Law. The measure that I first introduced would eliminate the one-year delay in reimbursement to municipalities that have lost revenues as a result of lands being classified under the Tree Growth Tax Law. The intent of this legislation was to temporarily preserve the Tree Growth Tax Law until the legislature had a better understanding of how to revise it and also to give municipalities relief where there has been a substantial tax shift from forest landowners to other property owners.

There were strong indications at the Public Hearing of the Taxation Committee that some municipalities were determined to appeal the entire Tree Growth Tax Law, which had been accepted in 1970 by a state wide referendum vote. As a result of this recommendation we amended my legislation to provide a subsidy of 11 cents per acre to municipalities with tree growth lands that have not received any reimbursement since 1972 because of re-evaluation.

A second amendment to insure that liability for taxes assessed would be clear, not withstanding appeal. In other words, property taxation would go forward in a normal manner, and only if the appeal succeeded would there be an issue of refund.

This legislation was vetoed by the Governor after being passed in the House and the Senate. The Governor's veto message expressed concern that the stumpage value component of the Tree Growth Tax formula (one of the four factors) needed to be adjusted to reflect actual stumpage value of property. This issue (that was cited by the Governor and his research staff) was not germane to my legislation because this part of the formula is set by the Bureau of Taxation and in fact was recently adjusted to date.

On Thursday, April 6, 1978 the legislature met to vote on the 10 vetoes from the Governor. After many long hours of debate the House and the Senate voted to override the Governor's veto and allow my legislation to become law without his approval.
